

**Goals & Performance Measures**

- By 2022-2023, 90% of the Currituck County High School students will create a working educational plan (enroll, enlist, employ) specific to the developmental grade span of that student. (9-12)
- By August 2023, 75% of elective/extra curricular opportunities aimed at developing the whole child will be aligned between elementary school, middle school, high school, and post-secondary opportunities with local community colleges with particular focus on Career & Technical Education.
